They are in Tok and safe. No incident. Ken will be calling Dennis and Diane to brief. I will call HQ. Meeting went fine, more to explain in time.

All, No luck with BLM contacts at this point. Based upon our meeting length and travel time estimates, they should be in Tok, AK, around 4pm Ak (8pm ET). Tok has cell coverage. Standby.

All, there is no cell coverage until about 2.5 hours south of Chicken. Our CID agent brought a satellite phone, which we tried calling about 30 mins ago, but it is not connecting. During our work in August we had intermittent success connecting with the sat phone, which is influenced by weather, location, etc. We have other BLM officials I am now going to contact. Standby.
